

Trafik GA Your crew app. Your name on it.

A crew app built for traffic control companies by someone who's worked traffic control. Each company gets its own edition with its own logo, colours and documents, and its own database. **No other company is on it.**

■ ON THE CREW'S PHONE

- ✓ GPS sign-on and sign-off, stamped with time and location
- ✓ Accept the day's crew, vehicle pre-start and PPE checklist
- ✓ SWMS, TMP, daily briefing and TTM check after set-up, signed on the phone
- ✓ Site photos with time and location
- ✓ Incident and near-miss reports
- ✓ Measure sign spacing by walking it out with GPS
- ✓ Job sign-off sent straight to the office

■ IN THE OFFICE

- ✓ Build each day's crews: jobs, vehicles and drivers
- ✓ Crew map showing who's signed on and where
- ✓ Approvals queue for every form that comes in
- ✓ Requests: time off, damage, incidents, PPE, roster changes
- ✓ SWMS and TGS library, tickets and qualifications register

■ HOURS AND PAYS

- ✓ Pay weeks worked out from sign-ons
- ✓ Lunch breaks and hour changes, with every edit logged
- ✓ Weekly pays summary as PDF and spreadsheet, paid and billable hours side by side

NO SIGNAL

Works with no signal. Sign-ons, forms, signatures and photos save on the phone and send themselves when signal comes back.

ROLES & REMINDERS

Roles for owner, HR, admin and field crew, so everyone sees only what they should. Automatic reminders until every form is signed.

One-off build, not a per-user monthly subscription.
Quoted on your crew size.
One edition is already running every day at a traffic control company.
